Small in size, big on reliability – the Thinvent Neo S keeps your team working without a moment's fuss.

When your workforce depends on a smooth, responsive desktop experience, the Neo S delivers day after day. Engineered for modern virtual desktop environments, it brings a familiar Windows 11 Pro interface to every screen, so staff can get on with their jobs straight away.

Quiet, cool, and content

- Fanless design means no noisy fans, no dust traps, and no moving parts to wear out
- Uses remarkably little power, so it keeps running costs down and your carbon footprint small
- Compact steel housing slips neatly behind a monitor or under a desk, freeing up valuable workspace

Built for busy environments

- Handles everyday office tasks, web-based applications, and cloud services with effortless ease

- Reliable connectivity keeps users logged in and productive, whether they're in a call centre, a clinic, a classroom, or a back office
- A full set of familiar ports, including serial and parallel options, lets you connect legacy printers, scanners, and industrial equipment without expensive adapters

Why businesses choose the Thinvent Neo S

- Windows 11 Professional is ready to go, so there's no time wasted on setup
- Secure by design, with centralised management making updates and IT control a breeze
- Backed by Thinvent's commitment to robust, dependable hardware that simply gets on with the job

Stop replacing noisy, power-hungry desktops. The Neo S offers a cleaner, quieter, and more cost-effective way to empower your team – every single shift.
