Thinvent Keyboard and Mouse set

SKU: TREO-97-4-M256-12_5-M-11O-KM

Meet the Thinvent® Treo: powerful enough for the daily grind, compact enough to disappear behind your monitor.

Your workspace deserves better.

The Treo doesn't hog your desk or your patience. Tuck it away with the included VESA mount and reclaim your space. It hums along quietly while you power through spreadsheets, video calls and busy inboxes – no fans whirring like a hair dryer, no heat haze rising from the case.

Made in India, built for the real world.

This is 100% designed and made in India, and you can feel it the moment you run a hand across the solid aluminium chassis. The sleek black powder-coated finish doesn't just look professional – it works hard, channelling heat away so the Treo keeps its cool even during an afternoon of back-to-back tasks. This is a machine that's ready for dusty shop floors, busy reception desks and demanding workshops alike.

Ready to work the moment you are.

The Treo arrives fully equipped, so there's no hunting for extras. You get a dependable keyboard and mouse in the box, and Windows 11 Professional is preinstalled – secure, familiar and ready for business. Dual-band WiFi means you can work from anywhere in the building without tripping over cables, while the gigabit ethernet port is there when you need a rock-solid wired link.

Your business, your identity.

Running a large rollout or branded installation? We can tailor the Treo's colour and design to match your corporate look. Need a distinctive finish for your reception kiosks or training rooms? Tell us what you need and we'll make it happen.

Choose the Treo for an honest, rugged workhorse that looks as sharp as it performs. It's the quiet backbone your business deserves.

Thinvent Treo Mini PC

Specifications

PROCESSING

Generation	12th
Series	N
Processor Brand	Intel
Processor Model	N97
Cores	4
Max Frequency	3.6 GHz
