Powerful computing, elegantly compact.

Engineered for reliability, made for India

Discover the Thinvent Treo Mini PC, a robust and intelligent computing solution crafted entirely in India. Its solid aluminium chassis isn't just about sleek, professional looks; the black finish actively dissipates heat, ensuring cool, quiet, and stable performance day in and day out. This is a machine built to last.

Designed for seamless integration

Whether you're setting up a digital kiosk, a streamlined office workstation, or a media centre, the Treo slips effortlessly into your environment. Its compact form factor saves invaluable space and can be discreetly mounted almost anywhere. Pre-installed with Ubuntu Linux, it offers a secure, efficient, and cost-effective platform for business applications, digital signage, and everyday productivity.

Your vision, customised

We understand that one size doesn't fit all. For larger deployments, we offer customisation of colours and designs to perfectly match your corporate identity and specific project requirements. It's more than a computer; it's a tailored component of your success.

Ready for anything

- Experience dependable performance for business-critical tasks.
- Connect with ease using comprehensive wireless and wired options.
