The Treo Mini PC: A compact powerhouse, proudly engineered in India.

Where compact design meets unshakeable reliability

Unleash seamless performance from a device small enough to fit in the palm of your hand. The Treo Mini PC is built for those who need a dependable, always-ready computer that works tirelessly in the background of any operation.

Designed for endurance and efficiency

Forged from a single block of solid aluminium, its robust metal construction isn't just for show. The sleek black chassis acts as a natural heat sink, ensuring cool, stable operation day in and day out. This is a machine built to last, with a smooth, premium finish that stands up to the demands of any commercial or industrial environment.

Your versatile digital engine

From powering digital signage and point-of-sale systems to serving as a dedicated controller or a streamlined office workstation, the Treo adapts to your needs. Its wealth of connectivity options lets you integrate seamlessly with displays, peripherals, and networks, making setup straightforward and expansion simple.

Made for you, made with pride

Every Treo Mini PC is 100% designed and manufactured in India, reflecting a commitment to quality and support. For larger projects, we offer complete customisation—from colours to specific design tweaks—ensuring the solution fits your brand and application perfectly.

Ready to work. Built to last.
