Power Your Vision with Precision Performance. Introducing the Thinvent® Treo Mini PC, engineered to deliver robust and reliable computing for demanding industrial environments. This isn't just a computer; it's the dependable core of your digital operations, 100% designed and made in India.

Engineered for Endurance

Forged from solid aluminium with a sleek black finish, the Treo dissipates heat efficiently for unwavering stability in continuous operation. Its robust, all-metal build and smooth powder-coated housing are built to withstand the rigours of the factory floor or control room.

Unmatched Versatility for Industry

With dual Gigabit Ethernet ports, it's primed for complex network setups, machine connectivity, and data-intensive tasks. The compact, VESA-mountable design tucks neatly behind displays or under desks, saving crucial space without sacrificing power.

Made for Your Mission

Running Windows 11 IoT, it provides a secure, manageable, and long-term platform for your specialised applications. From digital signage and kiosks to automation controllers and thin clients, the Treo delivers steadfast performance where it counts.

A Partnership in Production

Have a large-scale requirement? We offer customisable colours and designs to seamlessly integrate with your brand and environment, making the Treo truly your own.

Choose the Treo Mini PC—where rugged Indian engineering meets intelligent, adaptable computing.
