Small footprint, mighty performance for the modern workplace.

The Thinvent® Treo Mini PC brings serious computing power to your desk without taking up space. Whether you're running a busy front office, a retail counter, or a home workstation, the Treo handles everyday tasks with brisk efficiency, so you can keep working without waiting for your machine to catch up.

Built to keep your business moving

- Effortless multitasking with a 14th-generation Intel® Core™ Ultra processor that responds instantly to your every click
- Dual gigabit Ethernet ports plus dual-band Wi-Fi mean you can stay connected whichever way suits your setup, with smooth, reliable data transfer every time
- Plenty of ports for monitors, speakers, microphones, and USB devices, so you can plug in everything you need and get straight to work

- Windows 11 Professional gives you enterprise-grade security and familiar productivity tools, right out of the box

Made for real-world conditions

- Solid aluminium housing in a sleek black finish works hard to keep things cool, even during long working days
- Powder-coated, smooth metal build that feels robust and looks professional on any desk
- Compact design that mounts neatly behind a monitor with the included VESA bracket, freeing up valuable workspace

Proudly 100% designed and made in India, the Treo offers quality you can trust. And if you need a fleet of machines with your own branding, colours, or finishes, Thinvent can tailor the design to match your specific requirements.

Choose the Thinvent® Treo Mini PC for dependable performance, solid connectivity, and a build that's ready for the long haul.
