The Engine for India's Digital Ambition.

Meet the Thinvent® Treo Mini PC, where robust performance meets resilient design. This isn't just another computer; it's a powerful, proudly Indian-engineered hub built to drive your business forward with silent efficiency.

Built for Business, Born in India

Forged from solid aluminium for superior strength and cooling, the Treo is a testament to homegrown manufacturing excellence. Its sleek, black finish ensures it dissipates heat effectively for sustained reliability, maintaining composure in the most demanding environments.

Your Versatile Operations Partner

From digital signage that captures attention to compact office workstations and streamlined point-of-sale systems, the Treo Mini PC delivers the dependable multitasking power you need. Its dual Ethernet ports make it a natural fit for networking projects and light server duties, while the pre-installed Ubuntu Linux offers a secure, stable, and cost-effective platform for your operations.

Why the Treo Stands Apart

- Experience the confidence of a 100% Indian-designed and made product, built to last with a premium metal chassis.
- Enjoy cool, quiet, and consistent performance thanks to its efficient aluminium construction.
- Deploy a versatile, space-saving solution for a multitude of commercial and industrial applications.
- Benefit from a ready-to-run system with a robust, open-source operating system.
- Unlock bespoke possibilities: for large requirements, we offer customisable colours and designs to perfectly match your brand and environment.

Power your progress with a machine built on Indian ingenuity. Choose the Treo Mini PC.
