The unassuming powerhouse built to handle the hustle.

Built for the daily grind

Designed to keep its cool when the pressure is on, the Treo's solid aluminium shell works tirelessly to dissipate heat, ensuring dependable performance during those marathon shifts. This is a machine you can trust to run quietly in the background, day in and day out, without breaking a sweat. It is a steadfast workhorse for retail counters, office back offices, and industrial control rooms alike.

Ready to go to work straight out of the box

Forget the hassle of sourcing peripherals. Your Treo arrives with its own matching keyboard and mouse, ready to plug in and become productive immediately. Paired with the familiar and secure environment of Windows 11 Professional, it eliminates downtime and lets your team focus on the tasks that matter, not on setting up hardware.

Security and connectivity at its core

Featuring dual gigabit LAN ports, this Mini PC offers robust and flexible networking. Whether you are segmenting traffic for enhanced security or setting up a reliable connection to a local server, the Treo ensures smooth, consistent data flow. It is the ideal choice for secure point-of-sale systems, digital signage, or any application where a stable network is your lifeline.

Made for your business

Proudly 100% designed and made in India, the Treo represents a commitment to quality and reliability. And if you're looking to deploy across a large scale, the ability to customise the colour and design ensures your hardware can reflect your brand identity. This isn't just a PC; it is a strategic investment in efficiency and a dependable partner for years of service.
