Compact power for industrial innovation, made entirely in India.

Built to Endure, Designed to Deliver

Experience the rugged reliability of a 100% Indian-made industrial computer. Its solid aluminium chassis, finished in a sleek black powder coat, isn't just for looks—it actively manages heat to ensure stable, continuous operation in demanding environments. The robust metal build provides superior durability with a smooth, professional finish.

Your Versatile Core for Critical Operations

The Thinvent Treo Mini PC is engineered to be the dependable heart of your system. With dual Gigabit LAN ports for resilient network connectivity, it is perfectly suited for digital signage, kiosks, thin clients, and factory automation. The pre-installed Ubuntu Linux offers a secure, stable, and open-source platform, ready to run your essential applications without unnecessary complexity.

Why Choose the Treo Mini PC

- Benefit from unshakeable local engineering and manufacturing support.
- Enjoy superior thermal performance and longevity from the all-metal construction.
- Deploy a focused, reliable computing node for industrial and commercial tasks.
- Scale with confidence—custom colour and design options are available for large-volume projects to match your brand and environment perfectly.

Solid, silent, and steadfast—the foundation your operations deserve.
