Power meets precision in a compact, Indian-made workhorse.

Built for the job, not just for the desk

Thinvent's Treo Mini PC is engineered from solid aluminium to handle demanding environments with effortless thermal management. The sleek black casing isn't just for looks – it silently pulls heat away, keeping your system stable and responsive hour after hour. Whether you're running a digital signage display, a retail POS terminal, or a dedicated control station, this mini PC delivers the performance you need without taking up valuable space.

Designed and manufactured entirely in India, the Treo gives you the confidence of local engineering, robust build quality, and fast support. The powder-coated aluminium shell feels substantial and stands up to the bumps of daily use. And if you're deploying at scale, we can tailor the colour and design to match your brand or workspace – just ask.

Everything you need to get started comes in the box including a matching keyboard, mouse, VESA mount, and a reliable 12V power supply. No operating system is pre-installed, so you're free to load the software that suits your workflow perfectly.

Choose the Thinvent Treo Mini PC when you want uncompromising construction, genuine Indian manufacturing, and a platform that works as hard as you do.
