Reliable computing for the mainstream, inside and out.

Packed with a powerful 12th-gen Intel Core i5 processor and built-to-last convenience, the Treo Mini PC is your smooth, everyday workhorse. We've clothed it in a solid, end grain free alloy skin. That perfectly machined aluminium body isn't just smart looking; it quietly draws heat away from the processor. This means quieter operation and undisturbed performance through your busiest days.

Why bring the rumble of a desktop tower home? This compact wonder tucks neatly into tight corners or behind a screen, keeping every desk uncluttered. While it's nimble enough for fast offices, media servers, or even digital reception, its small frame does not close down expansion. You have touchpoints for peripheral friends waiting—2 USB ports in reach upfront, ample USB-out connectors... and basic screen connection out of box necessity.

Might sound good to operate devices in India with quiet pride... The very origins resonate through material trace-c line its spec. Completely designed Made! Exacting panels , in Indian grounds, approved under stable tests certifications RSMA like that , show it moves.
