Engineered in India, Built for Endurance.

The Thinvent® Treo Mini PC is the compact, powerful brain your industrial operations have been waiting for. Forget bulky towers; this sleek, all-metal unit delivers serious computing muscle in a remarkably small footprint, designed to thrive in demanding environments.

Uncompromising Performance in a Compact Frame

- Experience seamless multitasking and rapid data processing, keeping your production lines and digital signage running without a hitch.
- Its robust aluminium construction isn't just for looks—it actively dissipates heat for unwavering reliability during long operational hours.
- Connect to a vast array of legacy and modern peripherals with versatile ports, making integration into your existing setup effortless.

Built for Your Unique Demands

- The solid metal build and smooth powder-coated finish ensure durability that stands up to the rigours of the factory floor or retail space.
- Need a custom look? For large-scale projects, we offer tailored colours and designs to match your corporate identity perfectly.
- Ready to work straight out of the box with a complete keyboard and mouse set, and the stability of a professional Windows IoT operating system.

Choose the Treo Mini PC—where robust Indian engineering meets intelligent, adaptable design for a smarter, more resilient workplace.
