Powerhouse performance in a palm-sized, proudly Indian package.

Engineered for Reliability

Forget bulky towers. The Thinvent Treo Mini PC is a masterpiece of compact engineering, built entirely in India with a rugged solid aluminium chassis. This isn't just about looks; the metal body acts as a giant heat sink, ensuring cool, stable operation 24/7 in demanding environments. Its robust, powder-coated finish is built to withstand the rigours of any workplace.

Unmatched Versatility for Business

This tiny titan is ready to drive your core operations from day one.

- Effortlessly run multiple business applications, digital signage, and point-of-sale systems with smooth, responsive power.
- Dual Gigabit LAN ports provide critical network redundancy or the ability to manage two separate networks from one discreet device.

- Mount it securely out of sight behind a monitor or under a desk with the included VESA bracket, saving valuable space and reducing clutter.
- Arrives fully equipped with Windows 11 Pro and a premium keyboard & mouse set for immediate productivity.

Made for India, Customised for You

We understand that one size doesn't fit all. As a 100% Indian manufacturer, we offer the unique flexibility to tailor the Treo to your brand. For large-scale deployments, we can customise colours and designs, allowing you to deploy a seamless, branded fleet of computers across all your locations. Choose the robust, professional computing solution that supports your business and reflects your vision.
