Powerhouse Performance, Proudly Made in India.

Meet the Thinvent® Treo Mini PC, where formidable computing power meets unwavering reliability in a sleek, all-metal chassis. Engineered entirely on home soil, it's built for professionals who demand more from a compact footprint.

Uncompromising Performance for Demanding Tasks

Tackle complex workloads with seamless speed and responsiveness. From intensive data processing and software development to running multiple business applications, the Treo handles it all without breaking a sweat, ensuring your operations never slow down.

Built for Resilience and Reliability

Encased in solid aluminium for superior heat dissipation and durability, this Mini PC is designed to perform day in, day out. Its robust metal build and smooth finish promise not just style, but steadfast operation in diverse industrial and commercial environments.

Tailored for Secure, Wired Networks

With dual Gigabit Ethernet ports, the Treo is the ideal cornerstone for secure, high-speed networked systems. Perfect for digital signage networks, kiosks, control systems, or any setup where a stable, wired connection is paramount, offering enhanced security and consistent performance.

Your Vision, Customised

Available in classic black, the Treo can also be tailored to your brand. For large-scale deployments, we offer customisable colours and designs, allowing you to create a cohesive and professional look across your entire fleet.

Ready for Immediate Deployment

Shipped with a stable, open-source Ubuntu Linux OS, the Treo Mini PC arrives ready to integrate into your workflow, offering a cost-effective and efficient solution from the moment you power it on.
