Big Performance, Built for India: The Thinvent® Treo Mini PC.

Engineered for demanding business environments, the Treo Mini PC delivers serious desktop power in a remarkably compact, all-metal chassis. Its robust aluminium construction isn't just for show; it ensures superior heat dissipation and a rock-solid build that stands up to continuous operation, day in and day out. This is a machine designed for reliability where it counts.

Perfect for

- Digital signage and kiosk solutions that require silent, always-on performance.
- Office workstations where space is at a premium but productivity cannot be compromised.

- Industrial control systems needing a durable, fanless-friendly design for harsh environments.
- Network gateway and firewall applications, supported by its dual LAN ports.

Why choose the Treo?

Proudly 100% designed and made in India, it combines robust local engineering with global quality. The sleek, powder-coated black aluminium finish offers a professional look and efficient cooling. For larger projects, we even offer customisation of colours and design to seamlessly integrate with your brand and specific requirements. Get the powerful, dependable, and adaptable computing solution your business deserves.
