Industrial power, compacted. Meet the future of reliable computing with the Thinvent® Treo Mini PC.

Engineered for demanding environments

- Experience exceptional responsiveness and multi-tasking power for digital signage, automation, and edge computing.
- Its robust dual LAN and connectivity options ensure unwavering network stability in critical operations.
- The solid aluminium chassis isn't just for show; it dissipates heat efficiently for sustained performance where it matters most.

- Ready to work straight out of the box with a professional-grade operating system pre-installed.

Built with pride and precision in India, the Treo features a sleek, powder-coated black metal build designed for durability and a seamless professional look. For large-scale deployments, we even offer customisation in colours and design to match your brand identity perfectly.

Deploy the robust, reliable, and remarkably compact computing solution engineered for the long haul.
