Big performance comes in small packages. Meet the Thinvent® Treo Mini PC, where robust industrial computing meets elegant, space-saving design. Engineered entirely in India, it delivers the reliability and power you need for demanding environments, all from a compact, rugged footprint.

Uncompromising Power for Critical Tasks

Harness the substantial processing capability of an Intel® Core™ i7 processor to drive complex applications effortlessly. From digital signage and interactive kiosks to automation control and secure communications, the Treo handles it with smooth, responsive performance that keeps your operations running without a hitch.

Built for Resilience and Reliability

Crafted from solid aluminium with an efficient black finish, this Mini PC isn't just stylish—it's tough. The metal chassis ensures superior heat dissipation for sustained operation and provides a durable build that stands up to the rigours of 24/7 use in industrial, retail, or office settings.

Maximum Connectivity, Minimal Fuss

Stay seamlessly connected with dual Gigabit Ethernet ports for network redundancy and fast data transfer, alongside comprehensive wireless options. Its wealth of ports ensures easy integration with all your essential peripherals, displays, and legacy equipment.

Ready for Your Vision

Pre-loaded with Thinux™ Embedded Linux, it offers a stable, secure platform for a wide range of professional software, from office tools and remote management to multimedia and custom applications. For large projects, we even offer customisable colours and designs to match your brand identity perfectly.

The Thinvent Treo Mini PC: sophisticated, powerful, and proudly made for the challenges of modern business.
