Built for the relentless pace of modern business, powered by India.

Experience a new level of desktop performance, packed into an impossibly compact and robust chassis. The Thinvent® Treo Mini PC delivers the serious processing power you need for demanding applications, from digital signage and point-of-sale systems to industrial automation and seamless office multitasking, all without consuming valuable desk space.

Engineered for endurance

- 100% designed and made in India, built with solid aluminium for superior strength and efficient heat dissipation, ensuring reliable operation day in, day out.

- A sleek, powder-coated black finish offers a professional look that blends into any environment, from a retail counter to a factory floor.
- Unmatched connectivity with dual Gigabit LAN ports for network redundancy and a wealth of USB ports, making it the perfect central hub for your operations.

Your vision, your brand

- For large-scale deployments, we offer complete customisation. Match your corporate colours or design a bespoke unit tailored to your specific project requirements.

The Treo Mini PC. Where formidable performance meets robust, Indian-made reliability.
