Powerful computing, beautifully Indian.

Meet the Thinvent Treo Mini PC, engineered for reliability from the ground up. 100% designed and made in India, this compact workhorse brings desktop-class performance to your desk, shop floor, or digital signage setup without taking up valuable space.

Why choose the Thinvent Treo?

- Unlock the full potential of the AMD Ryzen 5 7000 series processor, perfect for multitasking, running business applications, or powering point-of-sale systems smoothly.
- The solid aluminium chassis isn't just for looks – it acts as a natural heatsink, keeping the system cool and stable even during long working hours.
- A sleek, powder-coated black finish that resists wear and tear, ideal for offices, retail environments, or industrial settings.

- Comes complete with a matching Thinvent keyboard and mouse set, so you're ready to work straight out of the box.
- Choose the operating system that suits you – FreeDOS gives you the freedom to install Windows, Linux, or any other OS you prefer.

Built for business, made for India. The Treo Mini PC is your dependable partner for everyday productivity, lightweight server tasks, and space-constrained workstations. With solid metal construction and efficient thermal design, it delivers consistent performance day in, day out.

For larger deployments, we can customise the colour and design to match your brand or specific requirements. The Thinvent Treo – compact, capable, and proudly Indian.
