Experience streamlined efficiency in a compact, all-in-one design.

The Thinvent® Uno 21.5" All in One PC is the ultimate space-saving workhorse, engineered for reliable performance in demanding commercial environments. From digital signage and interactive kiosks to point-of-sale systems and industrial control panels, it delivers steadfast operation wherever you need it.

Key advantages

Uncompromising reliability for 24/7 operation

- Built with robust industrial-grade components for non-stop performance in shops, factories, and public spaces.
- The integrated Thinix™ system offers a stable, secure, and lightweight platform resistant to common malware and bloat.

Simplified deployment and management

- The all-in-one design means fewer cables and a clutter-free setup, getting your solution live faster.
- Remotely manage and update devices with ease using the built-in browser-based tools, saving valuable time and resources.

Adapts perfectly to your environment

- The height-adjustable stand allows for ergonomic placement in any setting, from a reception desk to a warehouse workstation.
- Versatile connectivity options seamlessly integrate with existing peripherals, displays, and network infrastructure.

Choose the Thinvent Uno for a dependable, low-maintenance computing solution that just works, day in and day out.
