

Thinvent Uno 21.5" All in One PC

Intel Core Ultra 5 125U processor

12 core, up to 4.3 GHz, 12 MB cache

Dual LAN

16GB DDR5 RAM

128GB SSD

No WiFi

Without OS

Fixed Stand

SKU: UNO22-CU5_14L-16_5-M128-12_5-X-W_OS-F

Engineered for simplicity, designed for endurance.

The Thinvent® Uno All-in-One PC strips away the clutter to deliver pure, dependable computing power for demanding environments. Its streamlined, all-in-one design integrates a vibrant 21.5" display directly with a robust Intel Core Ultra processor, freeing your workspace from bulky towers and tangled cables.

Ideal for deployment where reliability is non-negotiable

- A steadfast digital signage controller for retail stores or public transport hubs.
- A resilient workstation for factory floor monitoring and process control.

- A secure and centralised terminal for data entry and access in logistics or warehousing.
- A dedicated kiosk unit for customer check-in or interactive information points.

Built to perform without fuss, its dual Ethernet ports ensure a rock-solid, wired network connection for critical operations, while the pop-up camera offers privacy and security when not in use. The industrial-grade construction and simple, fixed stand guarantee it stays precisely where you need it, day in and day out. Choose the Uno for a no-nonsense computing solution that focuses solely on getting the job done, without compromise.
