Engineered for business, designed for simplicity.

The Thinvent Uno All-in-One PC transforms your workspace with a sleek, integrated design that eliminates clutter and maximises productivity. Its powerful Intel Core Ultra 5 processor effortlessly handles daily business applications, from complex office suites to browser-based tools, ensuring smooth, responsive performance.

Ideal use cases

- Digital signage and information kiosks in retail or corporate lobbies.
- A centralised control station for factory floor monitoring.

- A reliable, secure terminal for call centres and help desks.
- A compact point-of-sale or order management system.

Why choose the Uno?

Its dedicated Thinix operating system is built for stability and security, reducing maintenance headaches and the risk of viruses. The dual Ethernet ports offer robust network connectivity for critical operations, while the height-adjustable stand ensures perfect ergonomics for any user. With a pop-up camera for video conferencing and versatile remote management tools, it's the all-in-one solution that just works, day in and day out.
