Engineered for endurance, designed for simplicity.

Where space is at a premium and reliability is non-negotiable, the Thinvent Uno delivers. This all-in-one industrial PC consolidates your entire system into a single, robust unit, eliminating cable clutter and saving valuable workspace. Its uncluttered design and fixed stand ensure stable, secure operation in demanding environments, from factory floors to control rooms.

Powerful performance for all-day operations

- Experience smooth multitasking and rapid response, powered by efficient Intel Core Ultra processing to keep your critical applications running without hesitation.
- Dual Gigabit LAN ports provide essential network redundancy and flexibility for connecting to multiple systems or creating a fail-safe connection.

- The vibrant 21.5-inch display offers clear visibility from wide angles, perfect for monitoring processes or displaying vital data to a team.

Built for the real world

- With a pop-up camera, it's ready for secure video conferencing when you need it and discreetly tucked away when you don't.
- Its industrial-grade construction and certified components are built to withstand the rigours of 24/7 operation.
- Pre-installed Windows 11 Pro offers enhanced security and management features right out of the box, so you can focus on your work.

The Thinvent Uno: your streamlined solution for a more efficient and organised workspace.
