Built for the modern workspace, not just the desk.

The Thinvent® Uno All-in-One PC is the intelligent hub your operations deserve. By consolidating your entire system into a sleek, space-saving unit, it eliminates desktop clutter and simplifies your environment. Its powerful Intel® Core™ Ultra processor effortlessly handles everyday business applications, from complex spreadsheets to multi-tab browsing, ensuring smooth and responsive performance that keeps pace with your demands.

Why choose the Uno All-in-One

- Maximise your workspace: Free up valuable desk real estate with the integrated, cable-minimising design of an all-in-one PC.
- Adapt to any task: The height-adjustable stand lets you find the perfect ergonomic viewing angle for comfort during long shifts or collaborative sessions.

- Stay reliably connected: Dual LAN ports provide critical network redundancy or the flexibility to manage two separate networks, keeping your operations online.
- Deploy with enterprise ease: Running Windows 11 Pro, it offers robust security features and management tools ideal for business environments, right out of the box.

Ideal for point-of-sale systems, digital signage, factory floor kiosks, or streamlined office workstations, the Uno delivers dependable computing in a clean, professional package. It's the straightforward, powerful solution designed to work hard so you can focus on what matters most.
