## Unlock Uncompromising Reliability for Your Core Operations.

Where streamlined performance meets industrial fortitude, the Thinvent® Uno All-in-One PC is built to be the steadfast digital heart of your business. Its robust, space-saving design consolidates your workstation, eliminating clutter while standing up to the demands of daily use in challenging environments. This isn't just a computer; it's a dedicated partner for your most critical tasks.

### Ideal for

- Point-of-sale systems that require fast, dependable transaction processing.
- Digital signage and information kiosks in public or industrial spaces.

- Control room monitors and dedicated process management stations.
- Secure workstations where consistent, wired network connectivity is paramount.

Engineered for endurance, its dual LAN ports ensure vital network redundancy and reliable data flow. The sleek, integrated display presents clear visibility, while the pop-up camera offers convenient communication when you need it, discreetly tucking away when you don't. With a trusted Windows IoT platform at its core, it delivers the familiar, secure environment your operations depend on, day in and day out. Choose the Uno for a robust, all-in-one solution that focuses purely on getting the job done, without fuss or failure.
