A New Standard in Industrial Computing

Uncompromising power meets purpose-built durability. The Thinvent Uno All-in-One PC is designed to perform flawlessly in environments where others fail, consolidating your entire workstation into a single, robust unit that thrives under pressure.

Why Choose the Uno

- Experience seamless multitasking and rapid data processing with the latest Intel power, keeping your operations running smoothly.
- Deploy with absolute confidence on the factory floor, in logistics hubs, or in harsh conditions, thanks to its rugged industrial construction.

- Simplify your setup and save critical space with a clean, integrated design that reduces cable clutter and maximises workspace efficiency.
- Achieve perfect ergonomics with the height-adjustable stand, ensuring operator comfort and productivity during long shifts.
- Rely on steadfast, wired connectivity with dual LAN ports for network redundancy and secure, reliable data transfer essential for critical systems.

Built for the real world, the Uno delivers the robust performance and unwavering reliability your business depends on, day in and day out.
