The quiet workhorse that keeps your business moving.

The Thinvent Uno 21.5" All-in-One PC isn't just another computer – it's the dependable backbone your operations have been waiting for. Whether it's greeting customers at a busy reception, driving a self-service kiosk, or managing production data on a dusty factory floor, this machine is built to blend seamlessly into your workspace and get on with the job. No fuss, no clutter, just consistent, powerful performance.

Why choose the Uno for your business

- Saves valuable space by combining a crisp full-HD display and a powerful PC into one sleek, slim unit that sits neatly on any desk or counter.
- Handles demanding multitasking with effortless ease, so your team can run multiple business applications without frustrating slowdowns.
- Keeps your business connected and secure with dual wired network ports, plus reliable dual-band Wi-Fi for flexible setup in any environment.

- Protects your privacy with a clever pop-up webcam that's only there when you need it – perfect for video calls in open-plan or customer-facing areas.
- Stands up to daily wear and tear thanks to a sturdy aluminium and steel housing that shrugs off knocks, spills and busy shifts.
- Comes ready for your world with Windows 11 Professional, giving you the modern security, management tools and compatibility your business demands.

From hotel check-ins to healthcare reception, from warehouse workstations to supervision desks, the Thinvent Uno is the smart, sensible choice for organisations that need a reliable, all-in-one computing solution. It's an alternative to ageing desktop towers and patchwork setups – a single, elegant device that simply works, shift after shift. Choose the Uno, and choose peace of mind.
