1TB SSD

No WiFi

Windows 11 Professional

Fixed Stand

SKU: UNO22-I3_12L-16_16-M1024-12_10-X-11O-F

Meet the Uno 21.5" All-in-One – the dependable workhorse that keeps your business moving without fuss.

Built for the everyday realities of modern work, this machine is a pleasure to live with. Its crisp full-HD display makes spreadsheets, dashboards and customer records easy on the eye, while the responsive processor ensures tasks feel quick and fluid – no waiting around, just getting on with the job.

Designed with practicality at heart

- The pop-up webcam tucks away when not in use, giving your team peace of mind during quiet office hours or video calls.
- Twin network ports make it a natural fit for retail counters, front desks, or any busy setting where reliable connectivity matters.
- Thoughtfully placed USB ports keep cables tidy and within easy reach, while the solid, fixed stand keeps everything stable.

Why choose the Uno? Because it simply works. The sturdy aluminium build shrugs off the knocks of a bustling reception area or workshop, and with Windows 11 Professional onboard, you get a secure, familiar environment your staff already know how to use. It powers up quickly, runs quietly, and takes up less desk space than a separate tower and monitor – freeing your workspace for what actually matters.

From managing bookings to processing orders or running light office software, the Uno is the straightforward, no-nonsense choice that lets you concentrate on your business, not your hardware. It's ready to go out of the box, easy to support, and built to stay reliable day after day.

If you need a compact, capable all-in-one that fits right in and keeps up with your pace, the Uno 21.5" is exactly that.
