Engineered for the relentless rhythm of industrial work.

Meet the Thinvent Uno, the all-in-one industrial PC that brings uncompromising reliability and space-saving efficiency to your factory floor, control room, or point-of-sale. Forget about bulky towers and tangled cables—this sleek, integrated unit is built to deliver day-in, day-out performance where it matters most.

Built for Demanding Environments

- Experience steadfast operation with a robust, fanless aluminium alloy design that shrugs off dust, vibrations, and continuous use.
- Enjoy perfect visibility with a crisp, anti-glare display that remains clear from any viewing angle, even in bright lighting.
- Secure your investment effortlessly with a built-in Kensington lock slot and a discreet, pop-up webcam for added security when needed.

Designed for Seamless Integration

- Connect everything you need with dual Gigabit Ethernet ports for critical network redundancy and a wealth of legacy and modern ports.
- Achieve the ideal ergonomic setup with the flexible, height-adjustable stand, reducing operator fatigue during long shifts.
- Simplify deployment and maintenance with a single, compact unit that requires minimal cabling and cleans up any workspace instantly.

The Thinvent Uno is the robust, reliable, and remarkably tidy computing solution for businesses that cannot afford downtime. It's not just a PC; it's a dependable partner for your most critical operations.
