Built for business, not distractions. The Thinvent® Uno 21.5" All in One PC delivers focused, reliable computing power in a streamlined, all-in-one package. It's the perfect central command unit for any workspace demanding efficiency and durability.

Engineered for performance

Experience smooth multitasking and rapid responsiveness with modern processing power, ensuring your daily operations flow without interruption. The integrated, crisp 21.5-inch display provides a clear window into your work.

Unmatched connectivity and reliability

Stay securely connected with dual Ethernet ports, offering network redundancy for critical tasks or flexible network configurations. Its robust, fanless design means silent, dust-resistant operation for 24/7 reliability in demanding environments like factories, retail points of sale, or office kiosks.

Ready for your workplace

- Deploy quickly with a clutter-free, single-cable design and a secure, fixed stand.
- Benefit from enterprise-grade Windows 11 IoT for long-term stability and security.
- The pop-up camera offers privacy and convenience for video communications when needed.

Simplify your IT and empower your team with a dependable, professional-grade computing solution.
