Engineered for unshakeable reliability in the heart of your operation.

### Your streamlined command centre, ready for duty

This isn't your average office PC. The Thinvent® Uno All-in-One is built from the ground up for demanding environments where consistent performance and a clutter-free footprint are paramount. Its robust, all-in-one design consolidates your entire system into a single, durable unit, freeing up valuable workspace and simplifying your setup.

### Built for purpose, not for show

With its industrial-grade construction and fixed stand, this PC offers steadfast stability on the factory floor, in the logistics hub, or at the dedicated service counter. The dual Ethernet ports provide critical network redundancy or enable connection to two separate networks, ensuring your vital data keeps flowing without interruption. Running on the efficient and secure Ubuntu Linux, it delivers a focused, bloat-free experience for your specific applications, from process monitoring to digital signage and kiosk deployments.

### Why choose the Thinvent Uno

- Experience robust, all-day computing power in a space-saving, integrated design.
- Gain peace of mind with dual LAN connectivity for essential network reliability.
- Deploy a secure, stable, and purpose-built workstation with a trusted operating system.
- Reduce cable clutter and simplify installations with a single, self-contained unit.
