Maximise uptime and streamline operations with a purpose-built industrial computing solution.

### Engineered for demanding environments

Experience reliability in commercial settings where every second counts. This all-in-one system integrates a vibrant 21.5-inch display and powerful Intel processing into a single, robust unit, eliminating desktop clutter and simplifying your setup. Its durable aluminium alloy construction and wide operating temperature range ensure consistent performance day in, day out.

### Built for seamless integration and control

Simplify your network deployment with dual Gigabit Ethernet ports for versatile connectivity. The height-adjustable stand and space-saving design make it easy to integrate into kiosks, control rooms, or digital signage applications. With its embedded Thinix operating system, benefit from a secure, stable platform that supports essential business tools and browser-based remote management for effortless oversight.

### Your dedicated workhorse for critical tasks

- Boost productivity with a responsive, fanless design that operates silently in public spaces.
- Enhance security with a dedicated, locked-down OS and Kensington lock compatibility.
- Reduce total cost of ownership with a reliable system built for 24/7 operation.
- Deploy versatile applications from interactive displays to process monitoring with native support for essential development tools.

Choose the Thinvent Uno for a dependable, all-in-one computing foundation that just works.
