The One-PC Powerhouse for Your Industrial Hub.

### Designed for Demanding Environments

Imagine a streamlined workstation that thrives where other PCs fear to tread. The Thinvent® Uno All-in-One PC is built for the factory floor, the control room, and the busy workshop. It's the reliable central brain for your operations, combining a crisp display and robust performance in one rugged, space-saving unit.

### Why This PC Powers Your Business

- Experience clutter-free reliability with an all-in-one design that saves valuable space and simplifies installation.
- Stay constantly connected with dual Gigabit LAN ports, ensuring your critical data and machines are always online.

- Adapt to any user or task with the flexible, height-adjustable stand, promoting comfort and productivity.
  - Deploy with ultimate flexibility as a 'Without OS' unit, allowing you to install your preferred, secure operating system.
  - Benefit from industrial-grade construction built to withstand the rigours of a 24/7 operational environment.
- Perfect for mission-critical applications like production line monitoring, digital signage, warehouse management systems, and process control. This is the dependable computing foundation your business needs.
