A workspace that works as hard as you do

The Thinvent Uno 21.5" All-in-One PC brings together clean design, dependable performance and practical touches that make every working day feel easier. Whether you're running a busy front desk, managing a shop floor or keeping an office team connected, this computer is built to fit right in and keep up without fuss.

Why you'll want it

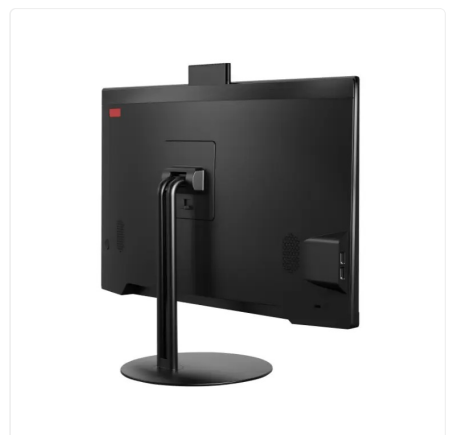

- Enjoy a sharp, full HD display with wide viewing angles, so colleagues can see the screen clearly or gather around for quick collaboration.
- The height-adjustable stand lets you set the perfect viewing position, reducing neck and back strain during long shifts.
- A discreet pop-up webcam keeps your workspace tidy and protects your privacy when it's not in use.
- With dual Gigabit Ethernet ports, you get fast, reliable wired connectivity — ideal for secure networks, point-of-sale systems and data-heavy tasks.

- The responsive Intel Core i3 processor handles everyday business software, web apps and multitasking with ease, so you won't be left waiting.
- Solid-state storage means quick boot times and snappy access to your files, while Windows 11 Professional gives you the familiar, secure environment your business relies on.

Built to suit real-world settings

- From reception areas to control rooms, its robust aluminium and steel construction handles the demands of continuous operation.
- The space-saving all-in-one design reduces cable clutter and frees up valuable desk space.
- With a 2-metre power cable and a range of mounting options, it adapts neatly to your layout.

The Uno 21.5" is more than a computer — it's a dependable partner that helps your team stay productive, professional and comfortable. Choose Thinvent for a machine that simply gets on with the job, day after day.
