The quiet workhorse that keeps your business moving.

Meet the Thinvent Uno 21.5" All-in-One PC – a dependable, space-saving solution designed for the demands of everyday business. Whether you're running a busy reception desk, managing stock on a shop floor, or powering a point-of-sale system, this PC brings together the performance and reliability your team needs, without the clutter of a traditional tower.

Why choose the Uno

- Tackle demanding multitasking with ease – its powerful 12-core processor keeps applications responsive, so your team keeps moving.
- Protect your data and your customers with Windows 11 Pro's advanced security features, built for modern business threats.
- Enjoy a clean, professional setup – everything you need is neatly built into the slim 21.5" display, saving valuable desk space.
- Keep your workspace presentable and private – the pop-up webcam tucks away when not in use, giving you control over your privacy.

- Run it all day, every day – the robust aluminium and steel construction is made to withstand the rigours of continuous operation.
- Connect your existing peripherals with ease – multiple USB ports and wired Ethernet mean your current devices and network are ready to go.

Perfect for

- Retail and hospitality front counters where space and reliability matter.
- Office workstations that demand steady, no-fuss performance.
- Education and training environments that need secure, manageable computers.
- Industrial and commercial settings where downtime is simply not an option.

The Thinvent Uno isn't just another PC – it's the dependable partner your business deserves. Make the smart choice that keeps you productive, secure, and ready for what's next.
