

Thinvent Uno 21.5" All in One PC

Intel Core i5-12450H processor

8 core, up to 4.4 GHz, 12 MB cache

32GB DDR4 RAM (2 x 16GB)

128GB SSD

No WiFi

DOS

Height Adjustable Stand

SKU: UNO22-I5_12H-16_16-M128-12_7-X-DOS-HA

Power where you need it, reliability when it matters.

The Thinvent Uno 21.5" All-in-One PC is built for the modern workplace where desk space is at a premium. By combining a slim, height-adjustable display with genuine Intel Core i5 performance, it cuts cable clutter and delivers the power to handle everything from business dashboards to financial data entry. Free from a traditional tower, this machine lets you reclaim your desk and create a cleaner, more professional front-of-house or control room environment.

Choose the Thinvent Uno because it is uniquely suited to factory floors, back-office shifting changes, or anywhere multiple operators share a station. The foot print is compact and with a flick of the wrist you can lift, lower, and tilt to find the perfect viewing angle. Plus, everyone from warehouse supervisor to production line manager will enjoy snappy multitasking and swift application loading, all while unified behind one elegant screen.

Commercial cost is centre stage here, too. This integrated unit halves the number of power leads your admin footfall has to trip over and requires minimal servicing clearance. It simplifies hot-desking rotas, as each user simply adjusts the height to suit. Finished to ISO quality standards, the chassis manages performance thermals efficiently so your GPU-heavy charts and spreadsheets remain intelligible even under a brilliant WUXGA touch enabled I trust not—but a generous IPS display delivering clear, industry-grade day-to-seen visuals.

Make the shift to the connected, clutter-free agency of a machine that finishes its job before yours does. The Thinvent Uno Two-One-Five ticks the computing reliability checkbox so you focus entirely on the workstation outputs. Save user tuition costs while sharing one simple, built to last and adapt canvas for all enterprise interactions.

Specifications

PROCESSING

Generation	12th
Series	i5
Processor Brand	Intel
Processor Model	12450H
Cores	8
Max Frequency	4.4 GHz
Cache	12 MB
Main Memory	32 GB
SSD Storage	128 GB

DISPLAY

Screen Size	21.5 inch
Resolution	1920 × 1080
Brightness	250 nits
Viewing Angle	Horizontal 178°, Vertical 178°
Camera	Pop up, 2 Megapixel
HDMI	1
VGA	1

AUDIO

Speakers	2 × 3 Watts
Speaker Out	1
Mic In	1

CONNECTIVITY

USB 3.2	2
USB 2.0	2
Side USB 2.0	2

NETWORKING

Ethernet	1000 Mbps
----------	-----------

POWER

DC Voltage	12 Volts
DC Current	7 Amps
Power Input	100~275 Volts AC, 50~60 Hz, 1.5 Amps maximum
Cable Length	2 Metre

ENVIRONMENTAL

Operating Temperature	0°C ~ 35°C
Operating Humidity	20% ~ 80% RH, non condensing
Certifications	BIS, RoHS, ISO

PHYSICAL

Form Factor	All-in-One
Stand	Height Adjustable
Dimensions	490mm × 378mm × 55mm
Housing Material	Aluminium alloy, steel and ABS Plastic
Housing Colour	Black
Kensington Lock	Yes
Net and Gross Weight	8.13kg, 8.13kg

OPERATING SYSTEM

Operating System	FreeDOS
