Work intelligence, not just desktop space

Engineered for concentrated productivity, the Thinvent® Uno 21.5" All-in-One PC transforms your workspace into a single, clean point of power. By fusing a high-performance Intel® Core™ i5 processor with a sleek, modern form factor, it removes cabinet clutter and centralises your workflow without sacrificing computing muscle.

More than a screen, it is a complete workstation designed for demanding business environments. Whether you are processing client data in a busy office, managing stock on a reception counter, or driving a point-of-sale system, this robust machine handles multitasking with sharp efficiency. The fixed stand offers rock-solid stability, ensuring your workstation stays immovable even in high-traffic areas. Bright 1920x1080 pixel resolution brings documents, spreadsheets, and contacts into stunning clarity – for eight hours and beyond.

Trade wasted space for true focus. With Windows 11 Pro shipping pre-installed and a dedicated pop-up webcam for secure conferencing, the Uno is ready to elevate professional rigour in healthcare, retail, education, or any sector prioritising tidy installations and dependable performance. It replaces bulky desktops with streamlined power boosting your first impressions and lasting daily flow.
