Streamlined power for the modern industrial workspace.

Why choose the Thinvent Uno?

- Experience the perfect blend of performance and space-savings with a 21.5-inch all-in-one design that frees up your desk for what matters most.
- The Intel Core i5 processor delivers the responsive speed you need for demanding applications – from data entry and inventory management to digital signage and control room monitoring.
- A height-adjustable stand puts ergonomics first, letting you position the screen exactly where you need it for comfortable all-day use.
- Stay connected and secure with a pop-up 2-megapixel camera that only appears when you need it – ideal for video calls in sensitive environments.

- Dual-band WiFi and Gigabit Ethernet give you flexible, reliable networking, whether you're on a factory floor or in a corporate office.
- With a sleek aluminium and steel chassis, the Uno is built to last in tough conditions while maintaining a professional, modern look.

Who is it for?

- Operators who need a compact, all-in-one station that won't clutter their workstation.
- Businesses upgrading from older systems to a reliable, energy-efficient platform that runs on standard 12V power.
- Anyone looking for a straightforward, no-fuss computer that does the job without unnecessary extras.

Make the switch to the Thinvent Uno and enjoy a cleaner desk, a faster workflow, and a system you can depend on.
