Engineered for the heart of your operation.

The Thinvent® Uno All-in-One PC consolidates your industrial workspace into one reliable, space-saving unit. Designed for demanding environments, it delivers robust performance where it matters most.

### Built for reliability and control

- Experience steadfast performance for process visualisation, HMI applications, and production line monitoring.
- Its dual Ethernet ports provide critical network redundancy, ensuring your vital data keeps flowing without interruption.
- The durable, fanless design operates silently and resists dust, perfect for 24/7 shop floor or control room duty.

### Designed for the real world

- The adjustable stand lets you position the crisp 21.5" display perfectly, reducing operator strain during long shifts.
- A clean, all-in-one design minimises cable clutter and saves valuable bench space, simplifying installation and maintenance.
- Constructed with a robust metal chassis, it's built to withstand the rigours of industrial life.

Streamline your critical operations with a computer that puts durability and seamless integration first. The Thinvent Uno is the dependable core your industrial application needs.
