The ultimate all-in-one for the modern industrial workspace.

Engineered for efficiency and built for the demands of a commercial environment, the Thinvent Uno combines a powerful Intel Core processor with a sleek, space-saving design. It's the perfect digital hub for your frontline operations.

### Why the Uno is the smart choice

- Uncompromising performance: Tackle complex data entry, manage real-time monitoring systems, and run multiple business applications without slowdown, thanks to substantial processing power.
- Space-saving simplicity: Free up valuable desk or counter space with an integrated, cable-minimised design that is both professional and easy to install.

- Adaptable for any task: The height-adjustable stand ensures perfect viewing angles for operators, reducing fatigue and improving productivity during long shifts.
- Rugged and reliable connectivity: Stay securely connected with dual LAN ports for network redundancy and robust wireless options, ensuring your critical systems are always online.
- Professional-grade security: With Windows 11 Pro, protect sensitive operational data and integrate seamlessly into your existing business IT infrastructure.

Ideal for point-of-sale, factory floor control stations, digital signage, and administrative hubs, the Uno is the robust, all-in-one solution that just works.
