Engineered for the relentless pace of modern industry. Meet the Thinvent® Uno All-in-One PC, your solution for a streamlined, powerful, and adaptable workspace. Its clean, integrated design saves valuable desk space and reduces cable clutter, creating a more efficient and professional environment right out of the box.

Built for demanding environments

- Experience smooth, responsive performance for everything from complex monitoring software to multi-tabbed dashboards, thanks to powerful Intel® processing.
- Connect reliably to multiple networks or devices simultaneously with dual Gigabit Ethernet ports, ensuring constant uptime for critical operations.
- The full HD display with a wide viewing angle delivers crisp visuals for detailed schematics, production data, or security feeds, easily seen from any position.

- Customise your comfort and workflow with the height-adjustable stand, reducing strain during long shifts.
- A pop-up camera provides video conferencing when you need it and discreetly tucks away for security when you don't.

The ultimate workhorse for control rooms, factory floors, and digital signage. The Thinvent Uno is built to perform where it matters most, offering robust reliability without the fuss.
