Powerhouse Simplicity, Zero Clutter. Introducing the Thinvent® Uno All-in-One PC, where robust industrial computing meets sleek, integrated design. Engineered for the demands of modern business, it consolidates everything you need into one reliable unit, freeing up valuable workspace and simplifying your IT infrastructure.

Ideal for

- Digital signage and point-of-sale systems
- Control room operator stations
- Kiosks and interactive customer terminals
- Light industrial automation and monitoring

Why choose the Uno?

It delivers dependable, day-in-day-out performance in a compact, all-in-one form factor. The vibrant 21.5-inch display provides clear visibility for any task, while the integrated design means fewer cables and a significantly smaller footprint than a traditional desktop setup. Built with durability in mind, it offers stable connectivity options to keep your operations running smoothly. This is the streamlined, professional solution for environments where reliability and a clean, organised workspace are paramount.
