Engineered for Demanding Workflows, Day After Day.

The Thinvent® Uno 21.5" All-in-One PC is your powerful, reliable partner for industrial and commercial environments. Combining a space-saving, uncluttered design with robust performance, it delivers focused productivity where it matters most.

Built for the Real World

- Experience smooth, responsive operation for control systems, digital signage, and point-of-sale applications.
- The clean all-in-one design minimises cable clutter and saves valuable space on factory floors, in workshops, or behind retail counters.
- Dual Gigabit Ethernet ports ensure a steadfast, ultra-reliable wired network connection for critical data transfer and machine communication.

Designed for Adaptability and Security

- The height-adjustable stand allows you to achieve the perfect viewing angle, reducing operator strain during long shifts.
- Windows 11 Pro provides enhanced security features and management tools, giving you greater control over your business environment.
- Its durable construction is built to withstand the rigours of daily use in non-office settings.

Simplify your setup and fortify your operations. The Thinvent Uno delivers dependable computing power in a tough, integrated package designed to keep your business running smoothly.
