- Ready for the job from day one: Thinux Embedded Linux arrives preloaded with Chromium and Firefox, LibreOffice, a PDF viewer and multimedia playback, so staff can get straight to work.
- Built for remote and virtual setups: RDP 10, SSH, VNC shadowing and browser based remote management make it straightforward to support users and deploy virtual desktops.
- Flexible for developers and integrators: Java, Python and glibc based application support give you room to run custom location and line-of-business software.
- Comfort that lasts the day: the height adjustable stand lets each user find their ideal viewing position.
- Practical connectivity: HDMI, VGA, Ethernet, dual band Wi-Fi and plenty of USB ports keep peripherals and networks connected.
