Space-saving power, professional performance – the Uno 21.5-inch All-in-One keeps your business moving.

Say goodbye to bulky towers and tangled cables. With the Uno, everything you need sits neatly inside a sleek 21.5-inch display, freeing up valuable desk space and making any workspace look instantly more professional. It arrives ready to work, so you can unbox, plug in, and get on with the day.

Built to handle the everyday demands of a busy workplace, this All-in-One responds quickly to every click, window, and application. Whether you are managing stock, booking appointments, handling customer enquiries, or running office software, the Uno keeps things smooth and responsive. Its sharp full-HD screen gives you crisp, comfortable viewing from almost any angle, making it perfect for reception desks, shop floors, clinics, and front-of-house teams.

Your privacy matters. The clever pop-up camera stays hidden until you need it, giving you peace of mind during video calls and online meetings. And when it is time to move or reposition, the fixed stand keeps everything stable and secure.

Connectivity is simple and dependable. With dual-band WiFi and gigabit Ethernet built in, you can stay online without interruption, whether you are on a wired network or wireless connection. And with Windows 11 Professional, you get the productivity, security, and manageability features your business expects.

Ideal for any environment that needs a clean, quiet, and dependable computer

- Retail counters and point-of-sale stations
- Hotel receptions and guest services
- Medical practices and patient check-in areas
- Schools, libraries, and training rooms
- General office and back-office work

Choose the Thinvent Uno for a no-fuss, professional computing experience that looks good, works hard, and simply gets on with the job.
