The powerhouse in the corner office, built for business.

Engineered for effortless deployment and unwavering performance, the Thinvent Uno All-in-One PC consolidates your entire workstation into a sleek, professional package. Designed for environments where space is at a premium and reliability is non-negotiable, it's the intelligent choice for modern industrial applications.

### Ideal for

- Digital signage and interactive kiosks in retail or hospitality.
- Control terminals in manufacturing and logistics hubs.
- Point-of-sale systems and back-office operations.
- Compact workstation solutions for call centres and administrative roles.

### Why choose the Thinvent Uno

#### Uncompromising reliability for 24/7 operation

Built with industrial-grade components in a robust chassis, the Uno is made to thrive in demanding settings. Its efficient design ensures stable performance day in, day out, minimising downtime and maintenance headaches.

### Simplified setup and management

With its all-in-one design, you eliminate cable clutter and reduce installation time to a minimum. Dual LAN ports offer flexible networking options for critical connectivity, while the integrated design means fewer points of failure.

### Professional, space-saving design

The clean, compact footprint frees up valuable counter or desk space without sacrificing a large, clear display for operators. It presents a polished, professional image to both staff and customers.

### Ready for the real world

Pre-installed with a streamlined Windows IoT operating system, it's configured for dedicated use. The pop-up camera adds security and flexibility for communication, while robust construction ensures it can handle the rigours of daily commercial use. Invest in the streamlined efficiency and robust performance that keeps your operations running smoothly.
