Built for relentless productivity: The Thinvent Uno All-in-One PC.

Engineered for demanding environments, the Thinvent Uno consolidates powerful computing into a single, streamlined unit. Its robust design eliminates desktop clutter and maximises workspace efficiency, perfect for control rooms, factory floors, and secure office settings.

### Key advantages

- Uncompromising performance: Experience seamless multitasking and rapid application response, ensuring your critical operations never miss a beat.
- Robust connectivity: Dual Ethernet ports provide essential network redundancy and flexibility for industrial networking or secure, isolated systems.

- Ergonomic and secure: The height-adjustable stand ensures comfortable viewing all day, while a Kensington lock slot offers simple physical security.
- Simplified deployment: The all-in-one design means a single cable for power, reducing installation time and complexity in any setting.

Ideal for industrial control, digital signage, and secure transaction points, the Thinvent Uno delivers focused power where you need it most. It's the dependable, high-performance core for your professional operations.
