Command your control room with silent, relentless power.

The Thinvent® Uno 21.5" All-in-One PC delivers a clean, consolidated solution for demanding industrial environments. Its space-saving all-in-one design eliminates desktop clutter, while its robust aluminium alloy construction ensures unwavering reliability on the factory floor or in the control booth.

Engineered for unwavering focus

- Experience fluid, uninterrupted performance for process visualisation, SCADA systems, and digital signage, keeping your operations running smoothly.

- Benefit from dual Gigabit Ethernet ports for critical network redundancy or for connecting to separate control and business networks simultaneously.
- Keep your data secure and your system stable with the professional-grade features of Windows 11 Pro, pre-installed and ready for domain integration.
- The crisp 21.5" display presents clear, legible data for operators, while the pop-up camera remains discreetly hidden until needed for communications.

Built for simplicity and endurance, its fixed stand and 12V DC operation provide a steadfast and low-power hub for your most vital applications.
