Meet the Thinvent Uno 21.5" All-in-One PC – a quiet workhorse that brings serious desktop performance to your shop floor, reception desk, or control room, without the clutter.

Why you'll love it:

- Streamlines your workspace with a sleek, space-saving design that replaces a tower, cables, and monitor with one elegant unit
- Handles everyday business tasks with effortless speed, so staff can serve customers, process orders, or run applications without frustrating delays
- Keeps your data safe and your systems manageable with Windows 11 Professional – the dependable choice for modern businesses
- Protects privacy with a clever pop-up web camera that vanishes when not in use – perfect for video calls and secure authentication

Built for the real world:

- Keeps you connected with dual Ethernet ports, ideal for linking to separate networks, setting up redundant connections, or powering secure payment systems

- Works reliably in demanding environments, from busy retail counters to factory floors, thanks to a sturdy aluminium chassis that shrugs off knocks and heat
- Looks after your staff's comfort with wide viewing angles and crisp full-HD clarity, making all-day data entry and monitoring far easier on the eyes
- Offers flexible connectivity for peripherals, legacy devices, and serial equipment – so it fits straight into your existing setup without costly adapters

**Why choose the Thinvent Uno?*

It's not just a computer – it's a long-term partner for your business. With dependable components, certified quality, and an all-in-one form that's simple to install and maintain, the Uno delivers the performance you need today and the durability to keep going tomorrow. Make the smart, tidy choice that keeps your operations flowing.
