Built for the workspace that demands both elegance and endurance.

Power where you need it, design that fits

The Thinvent Uno 21.5" All-in-One PC brings professional-grade AMD Ryzen performance straight to your desktop – no tower, no clutter, just seamless productivity. Whether you're managing a busy reception desk, overseeing a warehouse floor, or running a retail checkout system, this machine delivers smooth multitasking and responsive application handling without taking up valuable space.

A display that works as hard as you do

- The bright, full-HD 21.5-inch screen offers wide viewing angles, making it easy for colleagues or customers to see information side by side.
- The height-adjustable stand lets you find the perfect ergonomic position, reducing strain during long shifts.
- Pop-up camera provides privacy and clarity for video calls or customer verification – only visible when you need it.

Built for reliability in demanding environments

- Aluminium alloy and steel construction gives a sturdy, professional feel that stands up to daily use.
- Efficient 12V power supply keeps energy consumption low – perfect for always-on stations.
- Multiple USB ports and legacy VGA connectivity mean you can hook up barcode scanners, receipt printers, and older peripherals without adapters.

Ready to deploy your way

- Ships without an operating system, giving you full control to install your preferred Linux distribution or Windows environment.
- Quiet, fanless operation (due to efficient processor) keeps the workspace calm and focus-friendly.
- Kensington lock slot adds physical security for public-facing installations.

The Thinvent Uno is not just a computer – it is a long-term partner for your business frontline, combining performance, durability, and a clean footprint that saves desk space and boosts operator comfort. Upgrade your workplace today.
